MAY
2021

WHERE ARE WE
WORKING THIS
MONTH?

HOPE CREEK
HARRIS
SUSQUEHANNA
BRUNNER
MONTOUR

WE HAVE REACHED THE
HOME STRETCH OF THE
SEASON... STAY FOCUSED
& STAY SAFE!!

Please be sure to check your email regularly during the Summer months regarding Fall outage season!!

THANK YOU TEAM CATAWBA:

"Keith, thank you and the team for the safety, quality, and the engagement of the Merrick team throughout this challenging outage. We would not have been successful without you and the team." – Eddie Sherwood, CNS

Keith Owensby & Scott Shamany

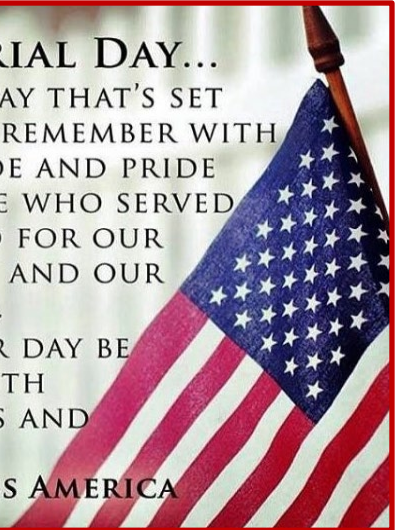

shout
out

"Keith, can't say enough about your experience and leadership with this changeling and stressful project!! Thanks for a great Team Effort!!"
Dave Merrick, VP

MEMORIAL DAY...

...IS THE DAY THAT'S SET ASIDE TO REMEMBER WITH GRATITUDE AND PRIDE ALL THOSE WHO SERVED AND DIED FOR OUR COUNTRY AND OUR FREEDOM. MAY YOUR DAY BE FILLED WITH MEMORIES AND PEACE. GOD BLESS AMERICA

Most of you know Bill Wetzel who is part of the "Wild Hogs" crew at SSSES. After many years of outages with Merrick, Bill is hanging up his nuclear hard hat. Thank you for all your hard work Bill!! We wish you all the best in your re-retirement!!

Bill Wetzel &
Bruce Marshall at SSSES

shout
out

"It is great working with the Merrick Group... Hope this continues for years to come."

Robert Golder,
SSSES APF

A big thank you to Stephanie Probert who heads up all Merrick in processing at Susquehanna!!

**Left: Don Myers operates at SSES
Below: Mike Romanelli cleans a cooler at Brunner**

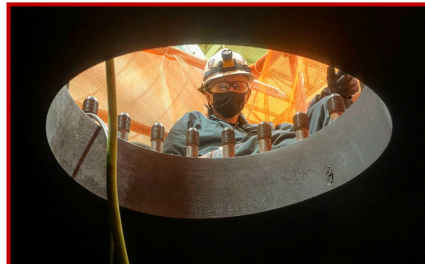

**Left: Rob Zecker makes a friend!!
(check his ear)**

Below: Kawame Matthews & Jared Reber explore Philly while rolling to night shift at Hope Creek

Above: Jayden Muellner & Marcus Washington prep probes for Harris

Below: Joe "Catfish" Heintz plugs tubes at Brunner

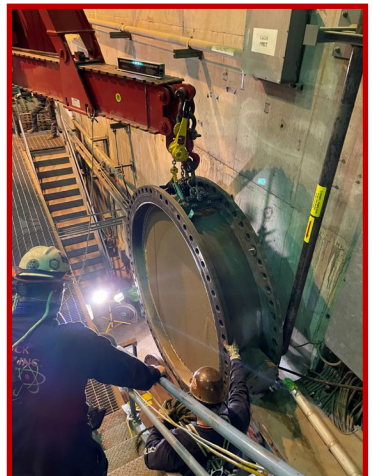

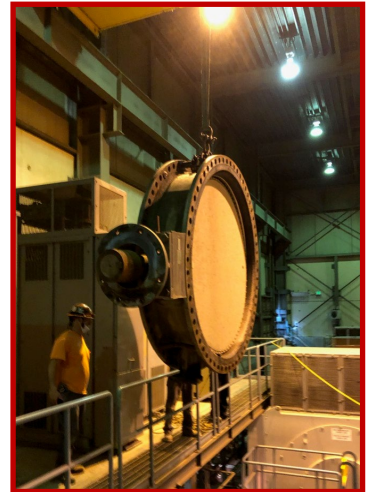

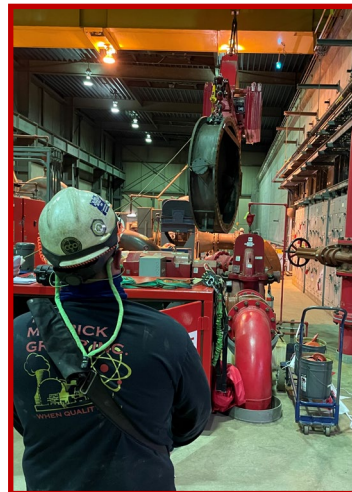

**Above: Pat Height works MSRs at Catawba
Left: LJ Webster & Austin Greene clean tubes at Wolf Creek**

THANK YOU! FOR ALL YOUR HARD WORK!!

This spring Merrick took on a project at Susquehanna replacing four 78" circulating water piping valves. This was a first-time evolution for the plant and will be a four year project to complete all 16 valves between both units. Planning has been ongoing for more than a year with Merrick and Talen to ensure the project was accomplished safe and event free. The crew did an excellent job, led by Greg Masich and Mike Romanelli.

CHECK THIS OUT!

**BIG
PROJECT**
