

The Dose

The Merrick Group, Inc.

SEPTEMBER
2026

- ✓ St. Lucie Nuclear plant is reliable for powering more than 1 million homes and businesses in southeast Florida
 - The plants property is also a safe haven for wildlife such as sea turtles!

- ✓ Point Beach is the only Nuclear power plant in Wisconsin and the states largest source of power!
 - Point Beach reactor 2 connected for the first time only 54 years ago!

- ✓ In 1952 the NS Savannah launched in Camden, NJ. It was the worlds first nuclear-powered merchant ship!
 - The NS Savannah was designated a National historic Landmark in 1991 and is currently docked in Baltimore, MD.

Don't forget the Merrick Merch store is always open! Refresh your Merrick wardrobe for the fall season.

Any issues with orders please contact Alexis:

WHERE ARE WE WORKING THIS MONTH?

McGuire
Browns Ferry
Vogle
DC Cook
Callaway
Robinson
SSES
Tioga

We would like to thank you all for everything you do! We appreciate all your support and dedication to Merrick!

We wish you and your families a safe, relaxing, and happy Labor Day!

ARE YOU READY TO GO TO WORK THIS SEASON??

YOUR PERSONAL INFORMATION

Your address, phone number & email address need to be kept up to date with the home office. If you have renewed your DL, you need to provide us with a copy of your new DL. We use this info to submit you as authorized workers to the plants, so it is imperative our records match your current DL. Not having this info up to date could slow down your badging/in-processing.

YOUR VEHICLE, BACKPACK & LUNCHBOX

Before you pack up for the new season, please be sure to check your vehicle, backpack and lunch box for items that are not permitted on site. Weapons, ammo, alcohol & contraband will all land you in hot water if they are found in your possession. Be sure to preform a self check before the season commences and each day on the job, to be sure you haven't put something that isn't permitted in your bag or vehicle.

PERSONAL PROTECTIVE EQUIPMENT

If you are an ongoing outage worker with Merrick, then you should retain your hardhat from job to job and season to season. If you need a new hardhat for the upcoming season, please contact Mike Abboud. You also need steel toe or composite boots that are in good condition. Merrick provides gloves and safety glasses on site.

DRUG & ALCOHOL TESTING

During in-processing, you will be tested for drugs & alcohol. You are subsequently expected to adhere to the FFD program and be prepared for random testing at any point on any given day. If you carry prescription medications with you to site, you must keep them in the prescription bottle. You may not combine multiple medications into one bottle for convenience.

Make sure you take all the steps necessary to prepare for the Fall Season. If you have any questions about anything mentioned above, please reach out to any of our Project Managers. We want you to have the best season possible & that starts with being ready to go to work!!

Josh Sano | Business Technology Administrator

Josh is expanding his role with Merrick as our Business Technology Administrator. He will help centralize business, information, and automation technology while continuing to expand software and develop new tools to make everyday processes easier and more efficient.

Amanda Hudock | Human Resource Manager

Amanda is expanding her role as Merrick's Human Resource Manager. She will help support the company's continued growth while ensuring we remain compliant and up to date in the ever-changing world of HR.

Alexis Maurer | Front Office Admin

As Amanda transitions into her new role, Alexis will be joining the team as our new Front Office Admin and taking over the day-to-day responsibilities of the front office.

Congratulations to Josh, Amanda & Alexis on their new roles!
