OCTOBER
2026

Join the Emerald Club Rewards Program!

Many of our part-time employees use rental vehicles but are NOT enrolled in the Emerald Club Rewards Program through Enterprise and National.

Benefits of the Emerald Club that Members Enjoy:

- ~ **Skip the Counter** – no need to wait in line... go directly to the lot to the Emerald Club Aisle™! (at participating airports)
- ~ **Choose your own Car** – don't waste time looking for an assigned car, choose one from the Emerald Club Aisle™ and get on the road!
- ~ **Speed Up Returns** – you don't have to wait around for a piece of paper; they'll email you a detailed receipt once the car is returned!

To Enroll or Update Existing Profile:

<https://www.nationalcar.com/enroll/XZ57836>

- ~ **Once Enrolled** - Send Stephanie Probert @ sprobert@mginc.net your Name and Rewards Number so we can ensure it is linked to our account!

Shared Rental Car Reminders

- Merrick Travel Policy states **"All employees should be considerate of one another when sharing a rented car."** This means communicating, cooperating, & considering the transportation needs of your coworkers.
- Merrick provides rental vehicles to support our employees & projects. We expect employees to respect the fact that a shared rental is a **shared company resource, not an individual employee vehicle.**

WORK PACKAGE & PROCEDURE USE & ADHERANCE

As nuclear professionals, we must perform the correct action on the correct component, following the applicable procedure every single time we go out in the field.

PRE-JOB BRIEF

Every activity we perform has a work order and procedure associated with it. Prior to the beginning of a task, you will participate in a Pre-Job Brief where you will discuss the specific tasks, roles and responsibilities of each team member and cover relevant OE and potential human performance errors. During the Pre-Job Brief, you will be notified of any anticipated QC Hold Points in your Procedure. You must sign onto the clearance prior to breaking the plain of the component.

CCV & TWO MINUTE DRILL

Be sure to walk down your assigned component prior to initiating work. You will need to perform a proper CCV and a Two Minute Drill prior to work, as well as checking and signing off on all applicable tags in the work area. While communicating with your crew, be sure to engage in the phonetic alphabet as well as using three part communication to ensure all members of the crew understand next steps in the procedure.

PROCEDURE

You must follow all steps in the procedure as they are written. Be sure to use the circle/slash method in order to be sure all paperwork is up to date at all times. Only the person who has completed the work should sign off on the step. You should never complete paperwork on someone else's behalf. If your work environment changes during the course of work, stop and perform another Two Minute Drill to ensure you can safely follow all written instructions without deviation.

STOP WORK

STOP when unsure about the next steps in your work package, when conditions change and you cannot safely complete the steps, when you come to a QC hold that requires you to contact QC prior to continuing work, or if **ANYTHING** seems unusual or unexpected. Take the time to call your Supervisor and ask for guidance before moving forward.

END OF ACTIVITY OR SHIFT

Once work is complete, or at the end of your shift, you will return to the office to complete any additional paperwork necessary. You will also sign off of the clearance at the end of work or the end of your shift, whichever comes first. If work is not complete you will need to prepare to give details to the next shift at turnover as well as ensure your work package has all circle slashes marked to ensure what step the next shift will start on.

16th Annual Golf Tournament

Thank you to everyone who volunteered, supported, played or donated to the 16th Golf Tournament! We appreciate everyone who helped make this event such a success.
